Problems solved	Front-end has already be set on cloud server and is in examination FHSS module information problem has been solved using MS word to convert pdf file to doc file		
Problems to be solved	So far, pages are not suitable for mobile devices Pendock needs to be considered to show how we do the file transition in code API specification needs to be considered.		

Supervisor advice	Reflect more on why we are behind the schedule and did not meet the requirements we made before.		
	See these problems as a team and reflect for future work		
After meeting	We have a discussion on the work distribution, the API problem is the most important part in the next stage of the work.		
	Bootstrap should be considered for mobile devices.		
	The examination results of the cloud server needs following up
