Minute of Team 202113

Basic Information			
Date	**2021.10.29**	Location	**Library PJ13**
Time	**13:00**	Secretary	**Haonan CHEN**
Chairpesron	**Yifei SHAO**		

Attendance	
Present Member	Yuke GAO, Yongjing QI, Yifei SHAO, Haonan CHEN, Zhihang ZHU
Absent Member	

Content	
Theme	Detail
Persona User story	At the beginning of the meeting, we discuss about the persona. We consider three types of users: Gests: They can access to School information, major information, and module information. Y1 students: they have access to the information that guests have, besides, they can log in and check personal page, timetable, and detailed module information including credits, module convener, introduction, reading list etc. Y2/3/4 students: they have access to information that Y1

	students have and after these functions are realized, GPA calculation, graduate school application will be added.
Prototype	We spent a lot of time on designing prototype, To conclude, we refer to website like UNNC official web page, CSDN and our initial design were like below:

Interim report	We decide to review Latex and find or create a template.
Web crawler	We decide to find some resource to learn and practice web crawler.
Action points	Yifei SHAO, Yongjing QI: Complete the first prototype before next formal meeting. Haonan CHEN: find or create a template with LaTex. Yuke GAO: Complete persona and user story before next formal meeting. Zhihang ZHU: Find resources about web crawler.
